

DOTH-100

PRINTER-INTEGRATED RUGGED MOBILE TERMINAL

Specification

Industrial Handheld Mobile Computer **DOTH-100**

PRINTER-INTEGRATED MOBILE POS

- Reduce waiting time with faster printing speed.
- Secure fingerprint verification technology

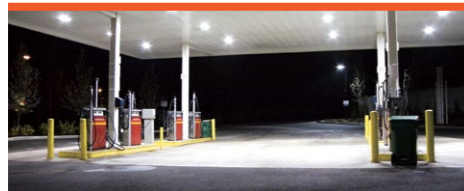

UHF RFID reader installable

Item	Section	Specifications
H/W	OS	Windows CE 5.0
	CPU	PXA320 806 MHz processor
	MEMORY	RAM 128MB / ROM 256MB (Upgradable)
	DISPLAY	3.5" QVGA with backlight, TFT-LCD, 262,144 Color, 240x320(QVGA Size)
	Communication	CDMA 1X, WLAN(802.11b/g), GSM/GPRS(Quad-Band)
	Antenna	Internal Antenna for Wireless LAN & Bluetooth
	Interface	USB 1.1 (Host & Client), Bluetooth 2.0 Class II, Micro SD Slot, Ethernet(via Cradle)
	Battery	Li-ion 7.4v, 1,800mAh
	Notification	Vibrator and LED
	Print	2inch Thermal Printer (Printing speed: 75mm/s)
	MSR	Bi-directional, Track 1,2,3, ISO7811
	IC Card Reader	ISO 7816
Peripheral	Barcode	1D Laser / 2D imager(option)
	Camera	2 megapixel color camera with LED Flash
	RFID Reader	13.56MHz : ISO15693 / ISO14443A and B / MiFare (Option)
	Dimensions	76(W) × 226(H) × 59(D)
	Weight	534g

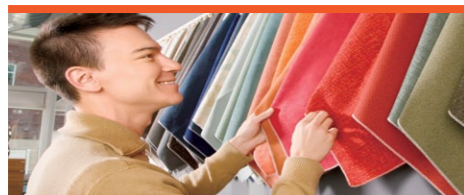

DOTH-100

Industrial Handheld Mobile Computer

APPLICATIONS & BENEFITS

DOTH-100 is a mobile POS terminal optimized for on-the-spot transaction at gas stations, department stores, and other retail shops. The device allows transactions outside the store as Wi-Fi and 3G networks are supported. With improved durability, the device does not easily break even when dropped on the floor.

It supports transactions for magnetic cards and smart cards (in certain regions). Accurate data can be collected with the 1D barcode scanner or the 2D image scanner. It can also be used for inventory, delivery, customer, and store management.

The 3.5 inch screen makes it easy for the customer to sign after the transaction. Also, the printing format can be decided (horizontal, vertical) for the 2-inch printing paper.

It supports keypads, fingerprint reader, and extended battery and each user can select the parts that fit the corporate environment.

PRINTER-INTEGRATED MOBILE POS

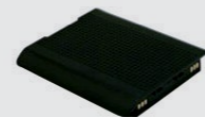

Accessories

Cradle
PDA slot & Extra battery slot

DC charger

Battery
Li-ion 7.4v 1,800mAh

Stylus pen

Shoulder strap

Leather case with strap
